Introduction

The purpose of this solicitation and resulting multiple agreements, is to establish terms, conditions and specifications for rental of communications trailers used in support of fire suppression and all-risk activities for multiple federal and state agencies throughout the Northern Rockies Geographic Area. The term of these agreements will be for approximately one year from the effective date.

Individual orders will be placed against the Agreement. Since the equipment needs of governmental or county coop agencies and availability of Contractor's equipment during and emergency cannot be determined in advance, it is mutually agreed that, upon request of the agencies, the Contractor shall furnish the equipment listed herein to the extent the Contractor is willing and able at the time of order. The government/coop agency is not obligated to place nor is the Contractor obligated to accept and order under the Agreement, but if an order is placed and accepted, all the terms and conditions set forth shall be met. There is no minimum or maximum guarantee as to the number of orders that may be

placed under this Agreement.

The Montana Department of Natural Resources and Conservation (DNRC), The Idaho Department of State Lands (IDSL), the USDA Forest Service (FS), the Bureau of Land Management (BLM), Bureau of Indian Affairs (BIA), Fish and Wildlife Service (FWS), and the National Park Service (NPS), are hereby authorized to use the agreement in accordance with the terms and conditions set forth herein.

NOTE: When equipment covered by the agreement is under hire by one of the federal agencies, Attachments A, B, and C will apply. When equipment covered by the agreement is under hire by the State of Montana DNRC, Attachments A, C and D will apply. When equipment covered by the agreement is under hire by the State of Idaho Department of state lands, Attachments A, C and E will apply. A given piece of equipment can be under hire to only one agency at a time.

Any interpretation, correction, or change of this Invitation for Bid (IFB) will be made by **written Addendum**. Interpretations, corrections or changes of this IFB made in any other manner will not be binding and bidders shall not rely upon such interpretations, corrections, or changes.

The DNRC Procurement Bureau will issue any necessary Addenda. It is the bidders responsibility to check the State of Montana website at <http://gsd.mt.gov/osbs/Results.asp?AgencyID=dnrc1> to keep abreast of any addenda.

DIVISION A. GENERAL INFORMATION

DNRC in conjunction with the USDA Forest Service and it's cooperators is in the process of setting up agreements to provide communications trailers used in support of fire suppression and all-risk activities . This IFB is to give you the opportunity to furnish your prices for communications trailers and related services. The end result of this IFB will be lists of pre-qualified vendors and the price for which they have agreed to furnish communications trailers and related services.

Approximately 3 weeks after bid due date, the results will be posted at <http://www.dnrc.mt.gov/forestry/fire/business/forms.asp> . These lists will be per location and price. government will use these lists if and when the need develops. There is no guarantee the listed vendors will be called to supply communications trailers. Although price will be the primary consideration, due to the exigency nature of fire suppression and all risk activities, factors other than price (such as location, ability to meet timeframes, number of units available etc.) may be considered prior to placing an order.

1.0 EMERGENCY EQUIPMENT RENTAL AGREEMENTS (EERA's)

The DNRC will issue EERA Agreements to the qualified bidders. DNRC issued EERA's from the previous fire season are no longer in effect. **The contractor is responsible for bringing a signed copy of their EERA to the finance section of the incident at check-in.**

2.0 PROCEDURE FOR PLACING ORDERS. When communications trailers are needed, the government employee or representative responsible for ordering will generally consult the list, phone the vendor who is able to supply at the most economic price. The ordering official will take into consideration the total price including mileage to the camp location (unless exigency circumstances exist as noted above) and inform that vendor of the quantity and arrangements for delivery. If that vendor is unable to meet the requirements, the vendor on the list with the next most economic price will be contacted etc. The next time the service is required, the same process will be followed.

3.0 TIMEKEEPING - Time will be submitted using daily shift tickets and verified and approved by the Government Agent responsible for ordering and/or directing use of each piece of equipment. Time will be recorded for daily usage, and whole miles for mileage. **Equipment furnished under the agreement is not subject to pro-rating on the 1st or last day.**

4.0 Daily, Weekly and Monthly Rates :

Daily Rate – The rate that will be paid **per unit per day** for rental periods from one to seven days.

Weekly Rate – The rate which will be paid **per unit per day** for rental periods from eight to thirty days applicable from day one.

Monthly Rate - The rate that will be paid **per unit per day** for rental periods of thirty-one plus days applicable from day one.

It is the contractor's decision whether or not to discount their normal daily rate for extended time periods.

5.0 CENTRAL CONTRACTOR REGISTRATION DATABASE (CCR) - Unless exempted by an addendum to this solicitation, by submission of an offer, the offeror acknowledges the requirement they shall be registered in the CCR database prior to award, during performance and through final payment of any contract resulting from this solicitation. If the Offeror does not become registered in the CCR database in the time prescribed by the Contracting Officer, the Contracting Officer will proceed to award to the next otherwise successful registered Offeror. Offerors may obtain information on registration and annual confirmation requirements via the internet at <http://www.ccr.gov> or by calling 1-888-227-2423 or 269-961-5757.

6.0 INSPECTIONS – Arrangements for inspections communications trailers will be made at time of order. The inspections will take place either at the location of the Dispatch office placing the order or at the location of the incident camp. This will depend upon logistical considerations at the time of hire.

When submitting equipment for inspection, the contractor must bring the following documentation:

- Annual Department of Transportation Inspection Reports
- Proof of insurance
- Current vehicle registration
- Certified fully loaded weight receipt and/or after market certification
- Proof of Workers Compensation or legal exemption.

NOTE: Due to the immediate needs dictated by fire suppression and all-risk activities, the normal procedures to document contractor deviations cannot be followed. If the contractor services/equipment fails to meet or exceed requirements, the contracting agency may take whatever steps are necessary to obtain services/equipment which meets their needs. This may include but is not be limited to rejecting the equipment and going to the next qualified vendor. The vendor shall not have any claims or payments due for equipment rejected for not meeting the specifications/requirements contained herein.

7.0 BILLING – Each Host Agency is responsible for their incident payments. Payment office will be designated in Block 9 on the Emergency Equipment - Use Invoice, Form OF-

Federal agency fire payments will be processed and paid by one of the national fire payment centers. The States of Montana, North Dakota, and Idaho will process payments for their fires.

8.0 NON-COMPLIANCE – In the event a vendor's service or equipment does not meet the specifications set forth herein, the government personnel responsible for ordering the equipment shall contact the vendor to explain and document what is necessary to bring the vendor into compliance. If the vendor fails to meet specifications a second time, the vendor will be removed from the list.

GENERAL CLAUSES TO EMERGENCY EQUIPMENT RENTAL AGREEMENT FORM OF-294 (2006 TEST FORM)

Since the equipment needs of the Government and availability of Contractor's equipment during an emergency cannot be determined in advance, it is mutually agreed that, upon request of the Government, the Contractor shall furnish the equipment listed herein to the extent the Contractor is willing and able at the time of order. The following personnel are authorized to place orders against this agreement, Dispatchers, Buying Team Members, Finance Section Chiefs, Procurement Unit Leaders, Contracting Officers and Purchasing Agents. At time of dispatch, a resource order number will be assigned. The Contractor shall furnish the assigned resource order number upon arrival and check in at the incident. The Incident Commander or responsible Government Representative is authorized to administer the technical aspects of this agreement. Equipment furnished under this agreement may be operated and subjected to extreme environmental and/or strenuous operating conditions which could include but is not limited to unimproved roads, steep, rocky, hilly terrain, dust, heat, and smokey conditions. As a result, by entering into this agreement, the contractor agrees that what is considered wear and tear under this agreement is in excess of what the equipment is subjected to under normal operations and is reflected in the rates paid for the equipment. When such equipment is furnished to the Government, the following clauses shall apply:

CLAUSE 1. Condition of Equipment: All equipment furnished under this agreement shall be in acceptable condition. The Government reserves the right to reject equipment that is not in safe and operable condition. The Government may allow the Contractor to correct deficiencies within 24 hours. No payment for travel to an Incident or point of inspection, or return to the point of hire, will be made for equipment that does not pass inspection. No payment will be made for time that the equipment was not available.

CLAUSE 2. Time Under Hire: The time under hire shall start at the time the equipment begins traveling to the incident after being ordered by the Government, and end at the estimated time of arrival back to the point of hire after being released, except as provided in Clause 7 of these General Clauses.

CLAUSE 3. Operating Supplies: As identified in Block 7, operating supplies include fuel, oil, filters, lube/oil changes. Even though Block 7 may specify that all operating supplies are to be furnished by the Contractor (*wet*), the Government may, at its option, elect to furnish such supplies when necessary to keep the equipment operating. The cost of such supplies will be determined by the Government and deducted from payment to the Contractor.

CLAUSE 4. Repairs: Repairs to equipment shall be made and paid for by the Contractor. The Government may, at its option, elect to make such repairs when necessary to keep the equipment operating. The cost of such repairs will be determined by the Government and deducted from payment to the contractor.

CLAUSE 5. Timekeeping: Time will be verified and approved by the Government Agent responsible for ordering and/or directing use of each piece of equipment. Time will be recorded to the nearest quarter hour worked for daily/hourly rate, or whole mile for mileage.

CLAUSE 6. Payments

a. Rates of Payments - Rates for equipment hired with Contractor Furnished operator(s) shall include all operator(s) expenses. Payment will be at rates specified and, except as provided in Clause 7, shall be in accordance with the following:

1. **Work Rates** (*column 13*) (hourly/daily/mileage/shift basis) shall apply when equipment is under hire as ordered by the Government and on shift, including relocation of equipment under its own power.

ON-SHIFT: Includes time worked, time that equipment is held or directed to be in a state of readiness, and compensable travel (equipment traveling under its own power) that has a specific start and ending time.

2. **Special Rates** (column 14) shall apply when specified.
3. **Guarantee.** For each calendar day that equipment is under hire for at least 8 hours, the Government will pay not less than the amount shown in column 15. If equipment is under hire for less than 8 hours during a calendar day, the amount earned for that day will be not less than one-half the amount specified in column 15. The guarantee is not applicable to equipment hired under the Daily rate. Equipment under transport is time under hire and compensated through the Guarantee. If equipment is transported under its own power, it is compensated under the Work rate.
4. **Daily Rate** (column 13) - Payment will be made on basis of calendar days (0001 – 2400). For fractional days at the beginning and ending of time under hire, payment will be based on 50 percent of the Daily Rate for periods less than 8 hours. Under the daily rate equipment may be staffed with or without operator.

(a) Shift Basis (Portion of calendar day)

- 1) **Single Shift** - (SS) is staffed with one operator or one crew
- 2) **Double Shift** - (DS) is staffed with two operators or two crews (one per shift). The DS rate will apply any calendar day the DS was under hire, including travel. There will be no compensation for a double shift unless a separate operator(s) and or crew(s) is/are ordered in writing for the second shift.
- 3) Agency personnel at the Section Chief Level may, by resource order, authorize a second operator or crew (Double Shift), if needed during the assignment.

b. Method of Payment. Lump-sum payment will normally be processed at the end of the emergency assignment. However, partial payment may be authorized as approved by the incident agency. Payment for each calendar day will be made for (1) actual units ordered and performed under Work or Daily, shift basis and/or Special rates or (2) the guarantee earned, whichever is the greater amount.

CLAUSE 7. Exceptions

- a. Daily Rate or Guarantee: No further payment under Clause 6 will accrue during any period that equipment under hire is not in a safe or operable condition or when Contractor furnished operator(s) is not available for the assigned shift or portions of the assigned shift. Payment will be based on the hours the equipment was operational during the assigned shift, as documented on the shift ticket versus the designated shift shown on the Incident Action Plan. If the equipment was not operational for the full shift, the deduction from the daily rate is calculated by converting the length of shift from the IAP to determine the hourly rate and pay the contractor for the total hours worked before equipment became nonoperational.
- b. If the Contractor withdraws equipment and/or operator(s) prior to being released by the Government, no further payment under Clause 6 shall accrue and the Contractor shall bear all costs of returning equipment and/or operator(s) to the point of hire.
- c. After inspection and acceptance for use, equipment and/or furnished operator(s) that cannot be replaced or equipment that cannot be repaired at the site of work by the Contractor or by the Government in accordance with Clause 4, within 24 hours, may be considered as being withdrawn by the Contractor in accordance with Paragraph B above, except that the Government will bear all costs of returning equipment and/or operator(s) to the point of hire as promptly as emergency conditions will allow.
- d. No payment will accrue under Clause 6 when the contractor is off shift in compliance with the mandatory "Work/Rest" and "Length of Commitment" provisions. As an option to rotating personnel, or taking a mandatory day off, without pay, the contractor may be released from the incident.

CLAUSE 8. Subsistence: When Government subsistence incident camps are available, meals and bedding for Contractor's operator(s) will be furnished without charge. Government will furnish meals and lodging without cost if hotel/restaurant subsistence is the approved camp for incident personnel. Double occupancy of hotel rooms may be required. Contractors are not paid per diem or lodging expenses to and from incidents.

- (b) For equipment furnished under this EERA **with** operator, the Government shall not be liable for any loss, damage or destruction of such equipment, except for loss, damage or destruction resulting from the negligence, or wrongful act(s) of Government employee(s) while acting within the scope of their employment. The operator is responsible for operating the equipment within its operating limits and responsible for safety of the equipment.

CLAUSE 10. Contractor's Responsibility for Property and Personal Damages: Except as provided in Clause 9, the Contractor will be responsible for all damages to property and to persons, including third parties, that occur as a result of Contractor or Contractor's agents or employee fault or negligence. The term "third parties" is construed to include employees of the Government.
